

DECEMBER

ICELAND

With its stunning natural beauty and rich history, it's no wonder Iceland is one of Europe's trendiest tourist destinations today. Heat up in the hot springs of the Blue Lagoon and the Grábrók lava field, cool down at the breathtaking waterfalls, and explore Iceland's beginnings as a Viking settlement at museums and city tours. **See it all on one of our Iceland tours:**

 Iceland: Northern Highlights ICH

The Northern Lights, or aurora borealis, is a striking natural phenomenon where colors appear in the earth's atmosphere. The lights are best viewed in northern countries like Iceland between the months of September and March, when long periods of darkness —the longest being on **December 21**, the **winter solstice** — allow for optimal viewing.

Take your students to Iceland and experience the country's natural beauty.
